Summary

Experience Product Designer with 4.5+ years of experience across **enterprise, design systems, Fintech, SaaS, and consumer products**. Skilled in **Figma libraries, reusable components, interaction design, visual/UI design, UX documentation, prototyping, design tokens, accessibility, and human-centered design**. Experienced collaborating with designers, engineers, product teams, and stakeholders to translate complex requirements and technical constraints into scalable digital experiences.

Experience

Tiger Analytics **Jul 2024 – Present**
Product Designer *Bengaluru, Karnataka*

- Designed enterprise experiences for **PepsiCo, Mars, Pfizer, and Stanley Black & Decker (SBD)**, including analytics dashboards, data acquisition workflows, and visualization platforms using interaction design, wireframes, prototypes, visual studies, and human-centered design.
- Built and evolved scalable **Figma libraries, reusable components, design tokens, responsive patterns, and design-system guidelines**; enhanced existing components and improved design consistency, enabling 30% faster design-to-development handoff.
- Partnered with designers, engineers, product managers, analytics teams, and client stakeholders to translate complex requirements and **technical constraints** into interaction patterns, component behavior, accessible solutions, and implementation specifications.
- Created **UX documentation, component specifications, usage guidelines, and design rationale**; conducted usability testing, presented recommendations, and supported adoption of reusable patterns while advocating for **WCAG accessibility and inclusive design**.

Upify Digital **Jan 2024 – May 2024**
Senior Product Designer *Remote, Australia*

- Designed end-to-end mobile experiences for **Bali.love** using user flows, information architecture, interaction design, high-fidelity UI, and Figma prototypes, contributing to a 28% improvement in user engagement.
- Created reusable mobile-first components and patterns for iOS and Android while collaborating with product managers and engineers on usability testing, accessibility, design reviews, and implementation.

LeagueX **Sep 2023 – Dec 2023**
UI/UX Designer *Bengaluru, Karnataka*

- Designed responsive web and mobile experiences across onboarding, gameplay, and monetization; improved information architecture and user journeys, contributing to a 21% increase in user retention.
- Established **Figma components, design tokens, prototypes, and reusable UI patterns**, improving product-wide visual consistency by 35%.

Nickelfox Technologies **Apr 2022 – Aug 2023**
Product Designer *Noida, Uttar Pradesh*

- Delivered end-to-end UX/UI experiences across **TelePay (Fintech), To From (E-commerce), Helios, and Nickelfox Website** using user research, interaction design, usability testing, information architecture, wireframes, and prototyping.
- Collaborated with designers, engineers, and product managers to build reusable components, maintain **design-system consistency**, document component behavior and edge cases, improve accessibility, and reduce implementation gaps.

Core Skills & Tools

Design Systems: Figma Libraries, Component Libraries, Reusable Components, Variants, Design Tokens, Pattern Libraries, Responsive Patterns, Design Guidelines, Design System Adoption, Storybook

UX/UI & Research: Interaction Design, Visual/UI Design, Human-Centered Design, User-Centered Design, Wireframing, Prototyping, Visual Studies, Information Architecture, User Flows, Usability Testing, User Interviews

Accessibility & Documentation: WCAG 2.1, Inclusive Design, UX Documentation, Component Specifications, Usage Guidelines, Design Rationale, Design QA, Design-to-Dev Handoff

Tools & Collaboration: Figma, FigJam, Adobe XD, Sketch, Framer, ProtoPie, Miro, Jira, Confluence, Zeplin, Storybook, Maze, Hotjar, Mixpanel, Google Analytics, Agile/Scrum, Cross-Functional Collaboration

Education & Certifications

Ensvee **Jul 2021 – Dec 2021**
Professional Certification in UI/UX & Human-Computer Interaction (HCI) *Delhi (Remote)*

University of Calcutta **2018 – 2021**
Bachelor of Science *Kolkata, West Bengal*

Additional Certifications: UI/UX Designer | Adobe UX Foundation Learning Journey | UI Components | Design Terminology
